GREAT LAKES CRUISES

Regular cruise ship service between Duluth and Toronto begins in 2009 with the Great Lakes luxury cruiser, the Clelia II, offering 14 seven-day, one-way voyages. This all-suite ship accommodates 100 guests in 50 suites, each with lake views. For cruise information, contact Travel Dynamics International, www.traveldynamicsinternational.com.

You're in northern Minnesota—yet, not 100 feet from you, a freighter from Africa is making its way under the gleaming Aerial Lift Bridge. This inland coast is like nothing you've ever seen.

The Duluth-Superior harbor is the world's largest, farthest-inland seaport, and over 1,100 vessels drop anchor here each year during the April-December shipping season. Each carries iron ore, coal, grain and other cargo some 2,432 miles across the Great Lakes—and from there, to ports all around the world.
